

March 17, 2020

During this time of extreme challenge to our healthcare system due to COVID-19, the College of Massage Therapists of Newfoundland and Labrador (CMTNL) has decided to extend the Registration Renewal **Payment deadline to on or before April 30th, 2020.**

All registration renewal forms with valid first aid certificates for both Active and Inactive members are still due on or before March 31st, 2020. Our year end in March 31st so to effectively plan and close year end, we need all renewal forms submitted.

If you had a First Aid course booked before March 31st, 2020 and it is now being cancelled due to COVID-19, attach proof of registration of the first aid course and the cancellation notification to your renewal to ensure that you are not penalized for not having a valid first aid certificate.

Renewal forms can be submitted online on our website www.cmtnl.ca, through email, fax, or mail. The office is remaining open for limited hours and the calendar will be updated daily with times or if anything changes.

We are paying close attention announcements made by Public Health Canada and will keep the membership updated with changes as they are announced.

Regards

Yolanda Critch
CMTNL Registrar
