

MH VICARS SCHOOL
of MASSAGE THERAPY

THE DISTANCE-LEARNING ALTERNATIVE

To: Kirsten Burke

7 November 2005

Dear Kirsten,

Congratulations on passing the first-year exam. You received 85% on the written exam and 85% on the practical. Your final mark for the first year is 87%. You can be proud of your achievement – it was not an easy test and the material you had to learn this year was challenging.

Classes resume on Friday, 9 December; I am enclosing a schedule for the second year through June.

I think most of you have picked up binders with Modules 11 through 16. There is no formal assignment to complete before the next class, but you might want to look over the material. I am including a list of the second-year books.

Looking forward to seeing you soon.

Yours truly,

Alida Flynn
Registrar
