Standard Criminal Record Check (CRC) Results: Cleared

Vérification d'antécédents judiciaires résultat standard: Réponse Négatif

Based solely on the name(s) and date of birth provided and the criminal record information declared by the applicant, a search of the RCMP National Repository of Criminal Records did not identify any records with the name(s) and date of birth of the applicant. Positive identification that a criminal record does or does not exist at the RCMP National Repository of Criminal Records can only be confirmed by fingerprint comparison. Delays do exist between a conviction being rendered in court, and the details being accessible on the RCMP National Repository of Criminal Records. Not all offences are reported to the RCMP National Repository of Criminal Records.

La seule recherche nominale, à l'aide du nom, de la date de naissance et des antécédents judiciaires fournis par le demandeur, dans le répertoire national des casiers judiciaires tenu par la GRC, n'a révélé aucun casier judiciaire pour une personne dont les noms et la date de naissance correspondent à ceux du demandeur. Seule la comparaison des empreintes digitales permet de confirmer l'existence ou l'inexistence d'un casier judiciaire dans le répertoire national des casiers judiciaires tenu par la GRC. Il peut y avoir un certain délai entre le prononcé d'une déclaration de culpabilité et l'accessibilité des données dans le répertoire national des casiers judiciaires tenu par la GRC. Toutes les infractions ne sont pas nécessairement versées au dépôt national.
